**DISCUSSION:** The Metal Coating Corporation site is an active RCRA facility.

The site was designated as an Environmental Priorities Initiative (EPI) site by the RCRA Program, and referred to the Superfund Site Assessment program to conduct an EPI site Preliminary Assessment (PA), a Site Inspection (SI) if necessary, and referral back to RCRA.

A PA was conducted by I.C.f. and MK Environmental Services on July 21, 1992, and an SI was recommended.

In accordance with the latest RCRA/CERCLA agreement, in which RCRA is to complete evaluation of EPI sites with pending open investigations, we are referring back this site to the RCRA Program for appropriate action.
